

# Press Release

Wessling, Germany, Monday, 2 October 2017

## MANAGEMENT RAYLASE GMBH

The new company management team at RAYLASE GmbH consists of Dr. Philipp Schön, CEO and Berthold Dambacher, CTO.

With effect from April 2017, leadership of RAYLASE GmbH will be assumed by the joint managing directors Dr. Philipp Schön (CEO) and Berthold Dambacher (CTO).

Dr. Philipp Schön will be responsible for the Sales / Marketing and Commercial departments, and Mr. Berthold Dambacher for the Technology and Production departments.

RAYLASE GmbH is a globally acknowledged reference in the field of laser deflection heads and solutions for material processing with lasers. With more than one hundred employees in total at corporate headquarters in Wessling near Munich and the facilities in China and America, it is one of the most respected providers in this segment worldwide.

## About RAYLASE

RAYLASE GmbH, founded in 1999 and ISO-certified since 2006, offers high-precision components, control cards and software for the fast deflection and modulation of laser beams. With over 100 employees worldwide, RAYLASE stands for innovative technology, the highest quality standards and customer proximity as a value we put into practice every day.

Our components comprise top-quality optical elements, galvanometer scanners and control electronics with an intuitive software interface. They form the cornerstone of industrial laser systems for scanning printed codes, marking textiles and surfaces, welding metal plates and plastics, and cutting and drilling semiconductor wafers and materials such as metal, plastic or glass. Our current focus markets are additive manufacturing, welding in different industries and various applications such as marking, cutting and perforating, for example, in the packaging industry.

Our customers are companies from a wide range of industries. The electronics, automotive, photovoltaic, textile and packaging industries are using lasers to replace traditional production processes or to implement entirely new ones. In addition, increasing numbers of new industries are discovering the innovative potential of this technology every day. That makes RAYLASE a player in an important global growth market.
